Family, Divorce and Separation

We offer a free first half hour consultation on any matter detailed in this leaflet. We are specialist family solicitors and hold specialist accreditation from Resolution first for family law in relation to both children and financial matters following divorce/separation.

Divorce and Separation

For many people a divorce or separation will be one of the most traumatic experiences of their life. The way in which divorce and separation procedure is handled will have a huge impact on the parties' future relationship. And getting it right is extremely important especially where there are children involved.

We offer specialist advice on a breakdown of civil partnership separating couples.

Children

We offer help and legal advice to assist you to make the best arrangements for your child/children. We advise on residence and contact issues, child maintenance and moving abroad with children. In addition to parents we also offer advice to grandparents and family members.

Financial settlements

We can help negotiate an agreement in relation to the family home, savings/investments, Pensions, family business and incomes. We can advise, represent and support you through the court procedure and process if a court application is required.

Cohabitation Agreements / Pre-Nuptial Agreements

As divorce and separation can lead to complex and costly legal disputes more people are entering into cohabitation and Pre-nuptial agreements. It is extremely important to seek specialist legal advice if you are considering such an agreement as there are many pitfalls which could lead to an agreement not being enforceable. We offer specialist advice on such matters.

Change of name

We advise and can prepare on your behalf a change of name deed should you wish to legally change your name.
